2014-15 academic year
NUTRITION ADJUNCT - online

The Math & Science Division at Notre Dame College invites applications from people who can teach nutrition for spring semester.

HP 216 Nutrition in Health & Disease 3 cr.
Provides health care students with the theory and practical application for nutritional intervention to prevent disease, promote health and manage health alterations. Prerequisites: BI 206/207 or BI 300/301 or BI 302/303.

Qualifications are at least a Master's degree and expertise in the teaching areas. Online teaching experience is also desirable.

There are two online sessions in each semester. D3 begins 1/12/15 and D4 begins 3/9/15.

To apply please send an e-mail with your cover letter and resume or CV to careers@ndc.edu.
Please write "nutrition adjunct" in the subject line of your e-mail.
