I have met with my school counselor and/or attended a CCP Info session. My parent/guardian and I discussed the CCP program requirements, responsibilities and ramifications. My parent/guardian, counselor and I talked about the courses I should take. I know I must complete all of the prerequisites for the courses in order to take them and it is my responsibility to complete all of the requirements for these courses.

Student Signature _______________________ Parent Signature____________________ Date ___________

Verification and Recommendation: Please read and sign.

I have fully advised the above named student and his/her parent/guardian of the available options and ramifications involved in College Credit Plus. The student and parent/guardian have been informed that all high school graduation requirements must be successfully met in order to receive a high school diploma from our school. I acknowledge that Notre Dame College does not track high school graduation requirements.
